Convert Academic Research into Successful Startup

Convert Academic Research into Successful Startup

About College:
Govt. College of Pharmacy, Amravati is established in 1996. The beautiful solar passive infrastructure of college building is attracting two and all. The building is winner of National Environment awareness award and MEDA award for energy saving infrastructure. College is conducting B.Pharm, Pharm.D and M.Pharm (Pharmacognosy and Quality Assurance) courses. The college has approved research laboratory affiliated to S. G. B. Amravati University for doctoral program. The college is NBA accredited from 2013 to 2016.

About Training Program:
■ Pharmacy education in India has shown phenomenal growth after independence. There is tremendous change in the pharmaceutical industry economic scenario as well as pharmacy regulations and practices of the country. Hence this necessitates the pharmacy colleges in the country to take necessary steps to promote entrepreneurial learning programmes.
■ Teachers should not only concentrate on classroom teaching but should motivate students to look forward towards creating their own enterprise. Entrepreneurship promotes a vision for the future and it is the need of the hour. Teachers need to upgrade their knowledge to cater present needs of Entrepreneurship.
■ This STTP deals with the scope and developmental avenues of entrepreneurship in pharmacy academics in the country. The course consists of lectures by Guest Faculty from premier research institution/university and industries.

Topic to be covered in Training Program:

- Idea generation, product development and commercialization from academic research projects
- Understanding /evaluating/supporting a start-up idea/Project report
- Identifying venture capitalists/ investors
- Legal and technical guidance: Initiation of start-ups in the campus of college/University
- How to start an SSI unit?
- Financial assistance schemes
- Establishment Industry-Institution linkage
- Mentoring of leadership and management
- Marketing and promotions ideas
- Intellectual property (IP) and Patent generation
- Communication and soft skills for better results in business

"Development and Challenges in Pharmaceutical Academic Entrepreneurship Opportunities"
14 Jan to 18 Jan 2019
